QUOTES:

*I've met a new rhythm section partner in Gerry Gibbs, and I look forward to joining him again in making music. Given all of the work that it took, he did a fantastic job in putting it all together.*

-- Ron Carter

*It was a thrill and a challenge to make this recording with Gerry. As a composer and arranger, he definitely keeps you on your toes. As a player, he's exciting, fiery and creative. I mentioned to Gerry that I spent quite a few sleepless nights while practicing the music, but it was well worth it.*

-- Kenny Barron

*Gerry's arrangement of Burt Bacharach's "Promises, Promises" made a jazz standard of that song. Gerry also came up with a unique version of my tune "The Shadow Of Your Smile." I have never had the pleasure of hearing it performed that way, and may never again. The ultimate treat for me though, was a song of Gerry's entitled "The Woman on the TV Screen," written for his wife Kyeshe. It is a piece of extreme beauty. I really enjoyed this album.*

-- Johnny Mandel

*Some of the best musical innovations I've heard in quite some time. With artists like Ron Carter, Kenny Barron and Gerry Gibbs, one cannot go wrong. The groove is tight, the arrangements are right. This CD should be in everyone's collection.*

-- Roy Ayers
